

A Song About Creation

(Tune: If You're Happy and You Know It)

Did you know God made the light, He made the light?
Did you know God made the light, He made the light?
So just look around and see, what He's made for you and me,
Did you know God made the light, He made the light?

Did you know God made the sky, He made the sky ...
Did you know God made the plants, the flowers and trees? ...
Did you know God made the sun, the moon and stars? ...

Did you know God made the fish and the birds? ...
Did you know God made the animals, great and small? ...
Did you know God made the people, Adam and Eve? ...
